- English
  (upper intermediate)

PROFILE

I am a full-stack developer, and I have worked with such tools as React.js, Nest, Next, GraqhQL, Jest, Redux, MobX, etc. Frankly speaking, I am always open to new features and challenges. As for me, I prefer a remote or a hybrid of remote and office work.

COMMERCIAL PROJECTS

I had been developing a huge website for the USA Trucks logistics business for 1 year.

Duration: 12 months

Technologies: React.js, Nest, MySql, TypeScript, Redux(saga, hooks), Scss

Created a website for managing a Construction business. It was designed for users who want to build their own houses, apartments, etc., and for builders who propose their services to clients

Duration: 12 months

Technologies: Next, Nest, Typescript, GraphQL, Redux, Styled components, Ci Cd

Created a website for generating reports of given location using AI where you will receive proximity to water, type of soil, contacts of neighbors, contacts of architects, etc

Duration: 9 months

Technologies: Next, Nest, Redux(thunk, hooks), styled components
